# Feifei Li, ImageNet, and the AI Revolution

## Gang He

## 2025-04-01

## ImageNet

- Big data: millions of open-source images to train AI
- Data as a public good that advances computer vision and deep learning
- Competition: The ImageNet Large Scale Visual Recognition Challenge

## Fei-Fei Li

- Professor of Computer Sciences at Stanford University
- Direct of Human-centered AI Institute
- Book: *The Worlds I See*

## Thoughts for evaluation

- Data
- Vision
- Ethics

## Further readings
